

Dr. Carter's Special Glass

Spectacles or Glasses \$3.00 Complete

Get glasses to fit your eyes—don't make your eyes try to fit your glasses. My \$3.00 glasses are scientifically fitted to any eye or sight by competent oculists who are also physicians and surgeons. My \$3.00 special glasses are gold filled; guaranteed for 10 years.

Poor glasses mean continual discomfort, causing headaches, nervous troubles, impair your efficiency, strain the optical nerves and continually endanger your eyesight. Your eyesight is your most precious sense. I will examine your eyes FREE and tell you truthfully whether you need glasses or if the glasses you now wear are suitable. Don't gamble with your sight. It costs nothing for an examination.

\$1,000 CHALLENGE GUARANTEE

DR. CARTER will pay \$1,000 to anyone who can prove that he cannot produce results in the most difficult or long standing cases of crossed eyes.

Butter

The Vital Food

You eat butter as a matter of course; it's so common to your daily diet. Yet, it is one of the most important foods; essential to growth and health. For butter fat contains certain elements of life and health found in few other foods. Pasteurization of milk does not destroy them; making it into butter does not destroy them. Butter is a vital food; eat lots of it.

Be sure it's Oak Grove Butter; the best you can buy.
